IMMEDIATE ACTIONS:

ACTION	TIME	PERSON RESPONSIBLE	COMMENTS
Muster all employees	14:57	Dale Schraeder	Everyone accounted for and at muster point at 14:57
Block access to danger area	14:48	Wayde Bosman	Evacuated danger area and blocked entrance to tailings dam
Barricade off FSR	15:00	Wayde Bosman	Once everyone is at muster point, Wayde puts cones up and then proceeded to block FSR
Contact CNRL on call	15:22	LCO	Simulated calling CNRL on radio to stay clear of area
Contact Kodiak to open up access to site via Orica Rd.	15:15	LCO	Simulate calling Kodiak to arrange for a dozer

ISSUES IDENTIFIED:

Problem	Solution
Access/Egress to site blocked	Contractor to try to open up an access road, might need a helicopter
Possible power outage if material hits power lines	Sat phones are available for communication. People on site will have to stay in vehicles to stay warm.
Loss of phone/ internet	Sat phones are available for communication.
Possible snowmobilers up the Wolverine FSR	Will have to barricade FSR and keep extra people in muster area as well.
